ABOUT ME

I am an Information Technology graduate from the International Islamic University Islamabad with a strong foundation in computer science and a growing specialization in web development. Driven by my passion for technology, I am committed to continuously learning and enhancing my skills. I am eager to contribute effectively to innovative projects and thrive in collaborative environments. my goal is to apply my academic knowledge and enthusiasm to create practical, impactful solutions.

EXPERIENCE

● Intelligent Tourism Platform (FYP)

June 2026

Green Tours Planner

- Developed a full-stack AI-powered tourism platform using React.js, Node.js, Express.js, and MongoDB. Implemented NLP chatbot (Llama 3) integration with OpenAI APIs.
- AI-based tour recommendations, live weather forecasting, and online tour booking.
- Built secure authentication, password recovery, email notifications using Nodemailer, and payment integration.
- Designed a responsive UI/UX and role-based admin dashboard for tour, booking, user, moderation, and analytics management.
- Utilized Git/GitHub for version control and developed a scalable architecture supporting future AI model and knowledge-base updates.

● Web Developer Internship

Jul 2025 – Aug 2025

Reverse4K×IIUI · Islamabad

- Completed web development internship in collaboration with IIUI.
- Gained practical experience in building and deploying web solutions.

● Web Developer (Trainee)

Jan 2024 – Jun 2024

NationalFreelancingTrainingProgram(NFTP) · IIUI,Islamabad

Accomplished a full web development course through the NFTP program at international Islamic university Islamabad, where I acquire hand-on experience in the following areas:

- HTML, CSS, JavaScript,
- React.js, Bootstrap,
- Tailwindcss
- Building Websites
- Learned (WordPress installation - WordPress configuration processes)
